 - Raspberry Pi coding & circuitry
 - Scratch graphical programming
 - Sphero robot programming
 - Swift block programming
 - Code Cracking
 - Parallax robotics
 - Code Academy: Python
 - Arduino: programming & circuitry
 - Lego Mindstorm robot creation and programming

LATE WORK

WHAT DO YOU MEAN

LATE?

Assignments not turned into the Google Classroom when I ask for them are considered late.

SO...

You'll have until Wednesday at 8:30 am to get your work turned in. If you fail to do so, you will need to attend Homework Detention on Wednesday evening from 2:45 to 4:45.

& THEN

The assignment expires and you can no longer earn any points for that assignment.
